## PRESS RELEASE

Digital Vision Ltd, a Uniscreen Group company, today announces the expansion of its service network with the appointment of a Field Service Technician based in Tauranga, covering the Bay of Plenty region, and the appointments of four Field Service Technicians covering the lower North Island region including Wellington, New Plymouth, Napier and Palmerston North.

This expansion allows Digital Vision to provide swift response to our customers service needs, reducing downtime and minimising travel costs by having technicians centrally located in each region.

Digital Vision now has technicians based in Auckland, Tauranga, Palmerston North and Christchurch.
